2023 Third Quarter Credit Union Indicators Summary Table	10
2023 Third Quarter Economic Indicators Summary Table.....	12

Introduction

The *NCUA Quarterly U.S. Map Review* for the third quarter of 2023 covers several key indicators of the financial health and viability of federally insured credit unions, including:^{1,2}

- Median four-quarter growth in assets,
- Median four-quarter growth in shares and deposits,
- Median four-quarter growth in members,
- Median four-quarter growth in loans,
- Median delinquent loans as a share of total loans,
- Median loans outstanding as a share of total shares and deposits,
- Median year-to-date annualized return on average assets, and
- Share of federally insured credit unions with positive year-to-date net income.

Four-quarter growth is the growth from the end of the third quarter of 2022 through the third quarter of 2023. Most maps shown in this review display medians, or the 50th percentile of the distribution of the variable. In other words, for a given metric, half of all credit unions had a value at or above the median, while the other half had a value that was less than or equal to the median.³

Data presented in this review are rounded. Unless otherwise noted, indicators in percentages are rounded to the nearest tenth of a percentage point, while indicators in basis points are rounded to the nearest basis point. In the legends, the data range in each color band excludes the value of the lower bound but includes the value of the upper bound of the range. Credit unions are included in their states of chartering or the states in which their headquarters are located.

NCUA makes information about the financial performance of federally insured credit unions available through its online [Research a Credit Union](#) tool. Through this link, you can locate information contained in an individual credit union’s Call Report as well as obtain a Financial Performance Report and summary documents about a credit union’s performance. For comments or suggestions about the *NCUA Quarterly U.S. Map Review*, please send an email to ocemail@ncua.gov.

¹ Data are as of the 2023Q3 public release date. The definition of the “state” variable was modified with the 2022Q1 release.

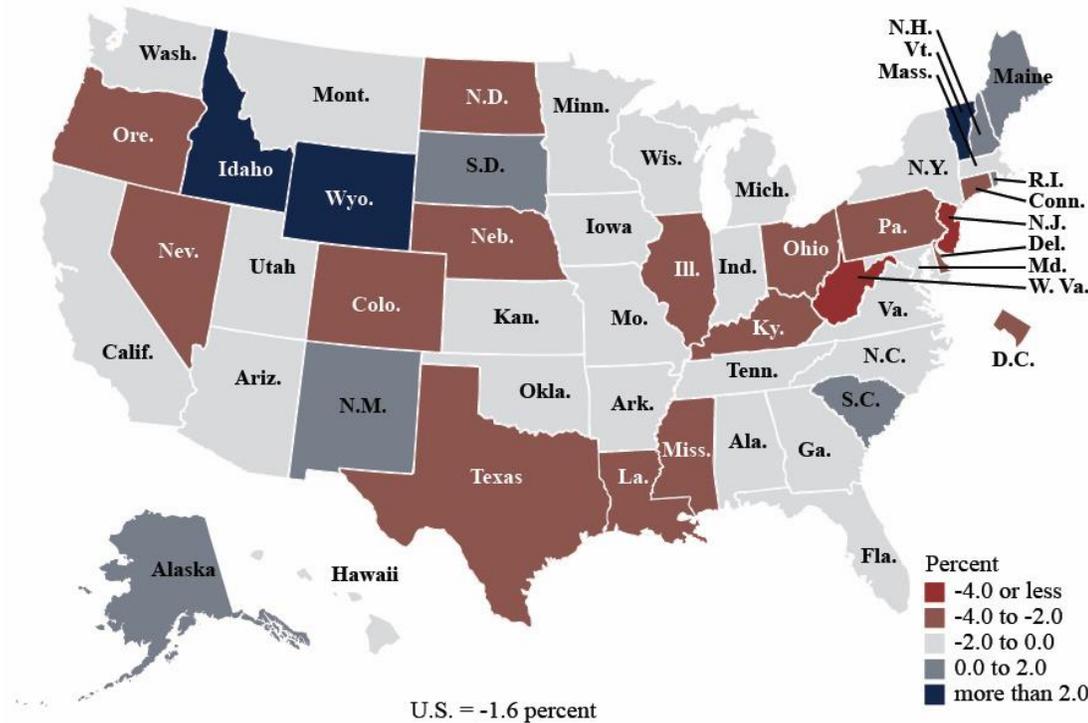

² Overseas territories—Guam, Puerto Rico, and the Virgin Islands—are included in the calculations of the U.S. statistics and reported in the summary tables at the end of this report. Due to the small number of credit unions in each, however, they are not represented on the maps or in the text.

³ Technically, by construction of the median, there can be several credit unions “tied” at the median value.

Median Annual Asset Growth

Median Asset Growth, Year Ending 2023Q3

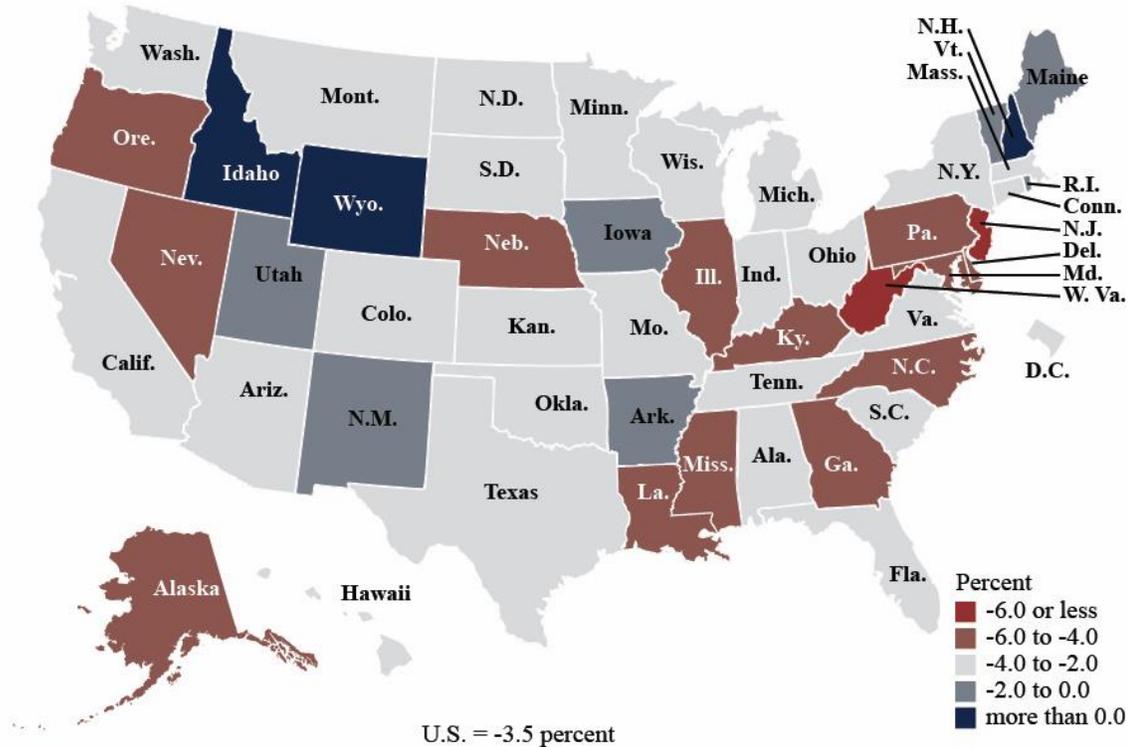

Highlights

- While aggregate assets in federally insured credit unions continued to grow during the year ending in the third quarter of 2023, at the median, assets declined 1.6 percent. In other words, half of all federally insured credit unions had asset growth at or above negative 1.6 percent and half had asset growth of negative 1.6 percent or less. In the year ending in the third quarter of 2022, the median growth rate in assets was 3.4 percent.
- Over the year ending in the third quarter of 2023, median asset growth was fastest in Idaho (6.8 percent) and Wyoming (2.8 percent).
- At the median, assets declined in forty states and Washington, D.C. over the year ending in the third quarter of 2023. New Jersey (-4.7 percent) and West Virginia (-4.2 percent) experienced the largest declines in median assets over the year.

Median Annual Share and Deposit Growth

Median Share and Deposit Growth, Year Ending 2023Q3

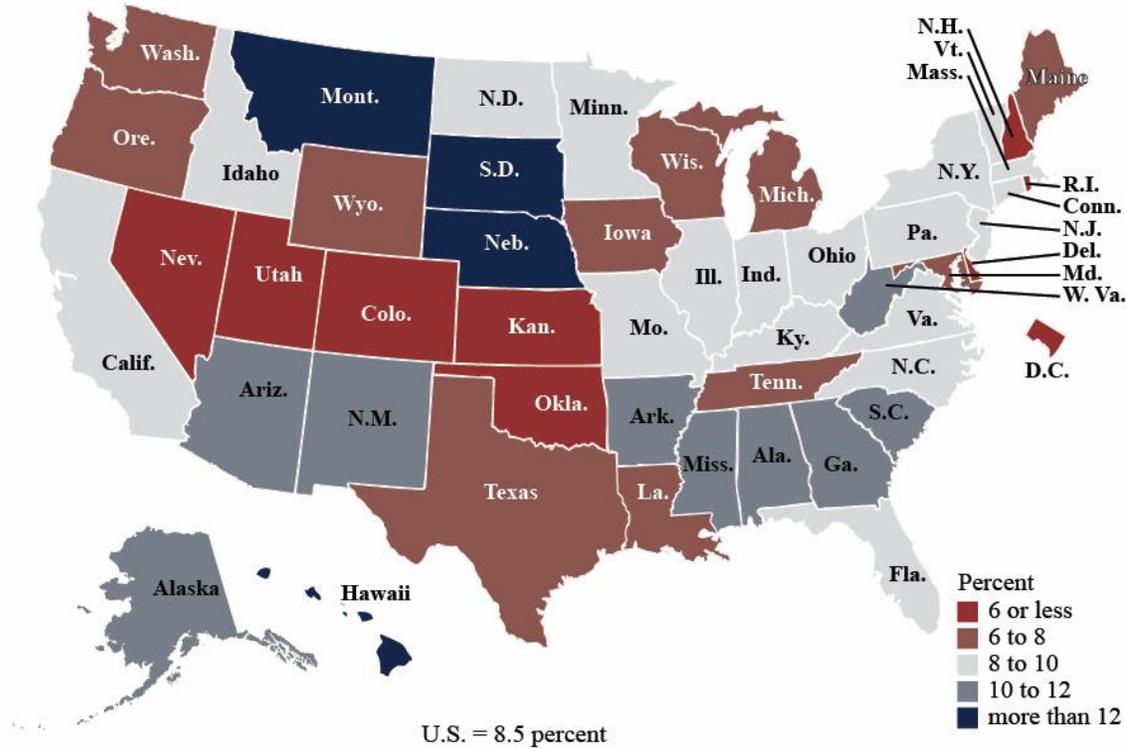

Highlights

- Nationally, shares and deposits continued to increase in the aggregate during the year ending in the third quarter of 2023, while the median growth in shares and deposits was negative 3.5 percent. In the year ending in the third quarter of 2022, the median growth rate in shares and deposits was 3.7 percent.
- Over the year ending in the third quarter of 2023, median growth in shares and deposits was positive in three states: Wyoming (3.1 percent), Idaho (2.5 percent), and New Hampshire (0.2 percent).
- At the median, shares and deposits declined the most in New Jersey (-6.6 percent) and West Virginia (-6.2 percent).

Median Annual Loan Growth

Median Loan Growth, Year Ending 2023Q3

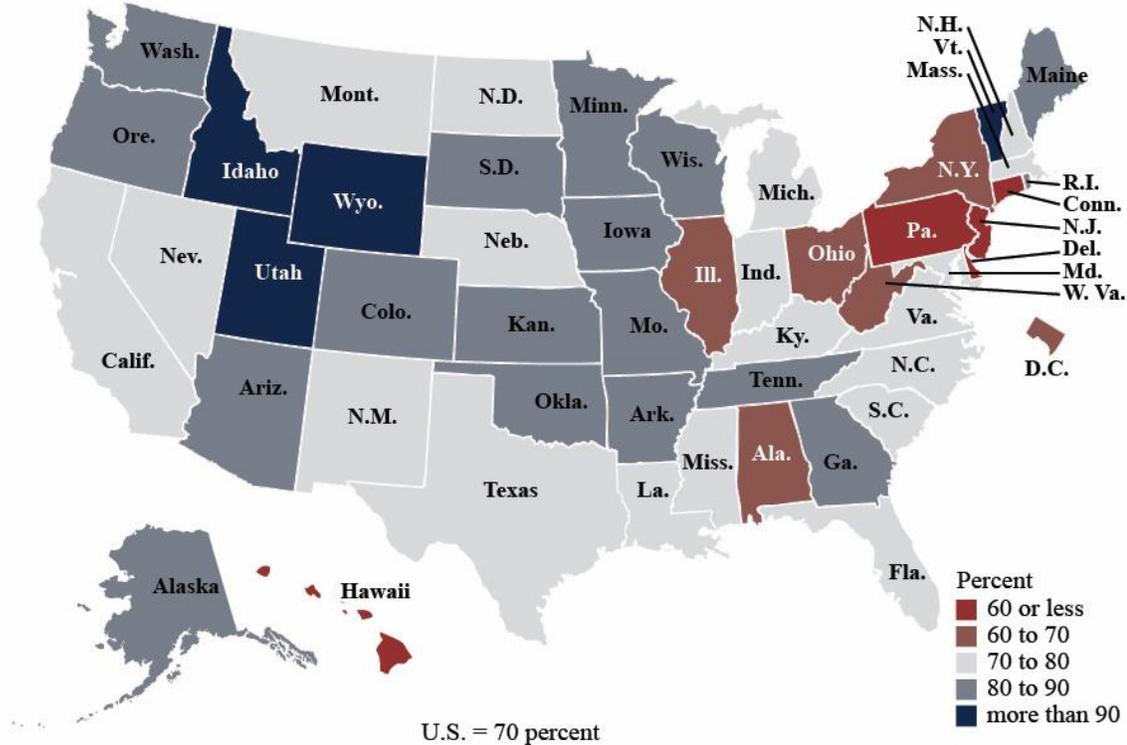

Highlights

- Nationally, loans outstanding rose by 8.5 percent at the median over the year ending in the third quarter of 2023. During the previous year, loans increased by 10.1 percent at the median.
- Over the year ending in the third quarter of 2023, median loan growth was strongest in Hawaii and Montana (both 14.1 percent), followed by South Dakota (12.6 percent).
- At the median, loans outstanding grew the least in Oklahoma over the year (2.3 percent), followed by Nevada and Washington, D.C. (both 3.5 percent).

Median Loan-to-Share Ratio

Median Loan-to-Share Ratio, 2023Q3

Highlights ⁴

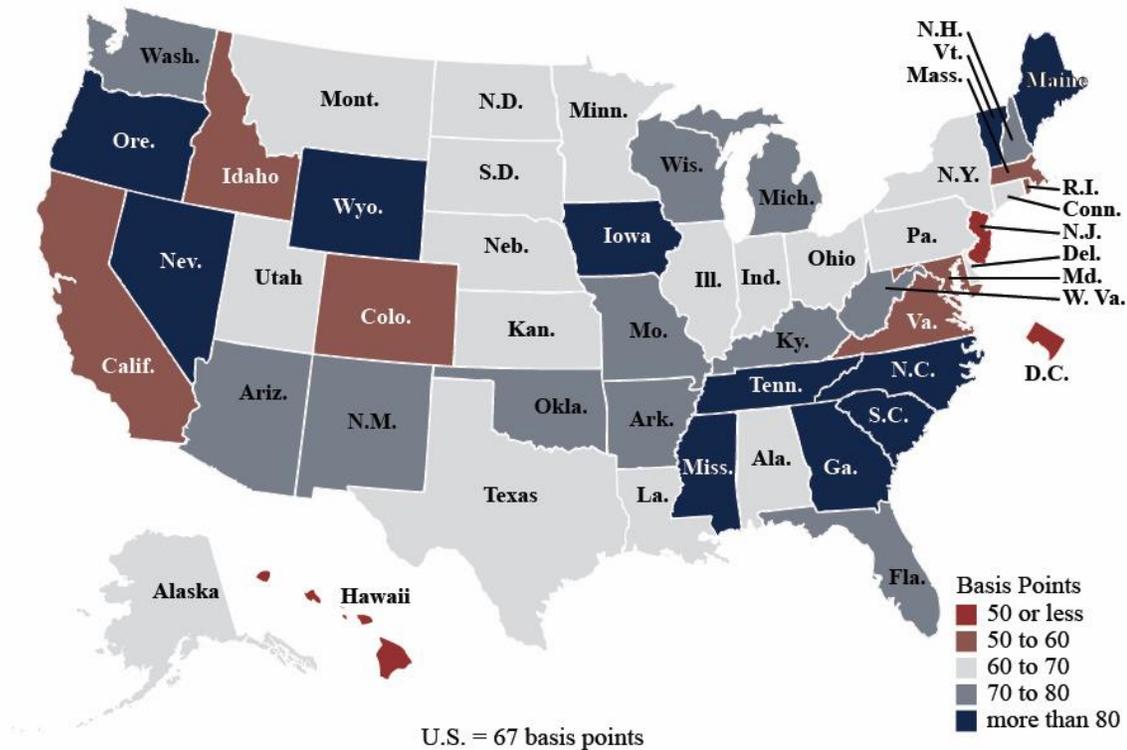

- Nationally, the median ratio of total loans outstanding to total shares and deposits (the loan-to-share ratio) was 70 percent at the end of the third quarter of 2023. At the end of the third quarter of 2022, the median loan-to-share ratio was 61 percent.
- The median loan-to-share ratio was highest in Idaho (92 percent) and Wyoming (88 percent) at the end of the third quarter of 2023.
- The median loan-to-share ratio was lowest in Delaware (46 percent) and Connecticut (50 percent) at that time.

⁴ Loan-to-share ratios are rounded to the nearest percentage point.

Median Return on Average Assets

Median Annualized Return on Average Assets, 2023Q3

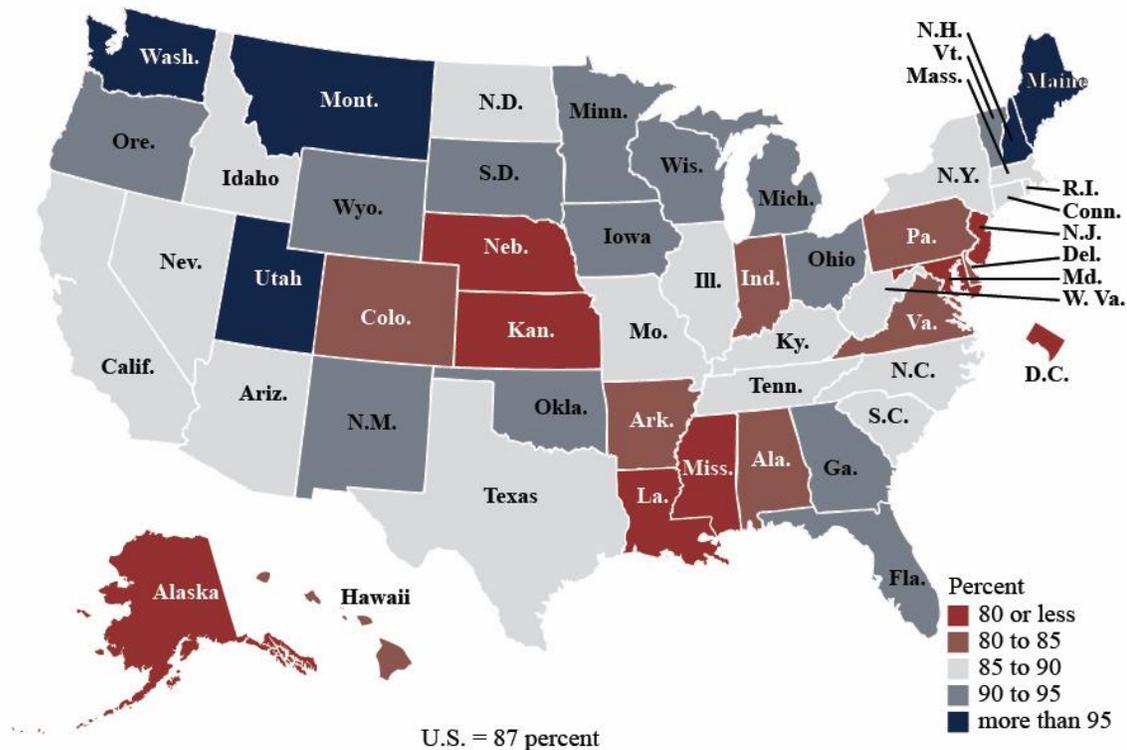

Highlights

- Nationally, the median annualized return on average assets at federally insured credit unions was 67 basis points in the first three quarters of 2023, compared with 50 basis points in the first three quarters of 2022.
- Georgia (111 basis points) and Nevada (104 basis points) had the highest median annualized return on average assets in the first three quarters of 2023.
- Washington, D.C. (20 basis points) and New Jersey (27 basis points) had the lowest median annualized return on average assets during that time.

Share of Credit Unions with Positive Net Income

Share of Credit Unions with Positive Year-to-Date Net Income, 2023Q3

Highlights ⁵

- Nationally, 87 percent of federally insured credit unions had positive year-to-date net income at the end of the third quarter of 2023, compared with 83 percent at the end of the third quarter of 2022.
- The share of federally insured credit unions with positive year-to-date net income at the end of the third quarter of 2023 was highest in Maine and New Hampshire (both 100 percent), followed by Montana and Utah (both 98 percent).
- The share was lowest in Washington, D.C. (59 percent) and Alaska (67 percent) at that time.

⁵ Shares of credit unions with positive net income are rounded to the nearest percentage point.

2023 Third Quarter Credit Union Indicators Summary Table⁶

State/ Territory	Median Y/Y Asset Growth (%)		Median Y/Y Deposit Growth (%)		Median Y/Y Member Growth (%)		Median Y/Y Loan Growth (%)		Median Total Delinquency Rate (bps)		Median Loan to Share Ratio (%)		Median Annualized YTD ROAA (bps)		Share of Credit Unions with Positive YTD Net Income (%)
